

# DKVA F

12 Month Warranty \*  
(FOC)

\* T&C Apply

→ The latest offering from DKVA that promises superior power backup at a fantastic price. With DKVA F, you can be sure that there will be no shortage of power in your home. Get instant brightness with the best. Get Exide Instabrite.

→ Unique features and superior technology: Advanced Hybrid Technology that is best suited to withstand high temperatures as well as thick plate construction with special paste formulation. Special hybrid alloy system leading to low water loss and dual plate separation(PE+GM) that reduces the possibility of premature failure

→ Easy maintenance: Float/float guide to indicate electrolyte level

→ Ready for commissioning: Batteries supplied in factory-charged condition

→ Easy handling/spill-proof: Moulded handles to ensure easy handling. Top vented lid with anti-splash guards fitted with coin flush vent plugs

→ Fume and leak resistant: Spark arrestor fitted in float to restrict fumes and acid during operation. Clean top with no surface leakage

## Technical Specification of DKVA F

| Battery Nomenclature | Ref. C20 Capacity (Ah) | Maximum Overall Dimensions (MM) |     |     | Nominal Filled Weight |
|----------------------|------------------------|---------------------------------|-----|-----|-----------------------|
|                      |                        | L                               | W   | H   | (KG)                  |
| FIB0-IS1800          | 180                    | 532                             | 285 | 260 | 56.5                  |
| FIB0-IS880           | 88                     | 420                             | 180 | 274 | 26.2                  |
| FIB0-IS1000          | 100                    | 420                             | 180 | 274 | 27.4                  |
| FIB0-IS1350          | 135                    | 515                             | 230 | 266 | 39.8                  |
| FIB0-IS1500          | 150                    | 515                             | 230 | 266 | 41.2                  |
